Artificial intelligence**

PERSONAL DATA

Name : Septian Bagus Jumanthoro
Prodi : D4 Computer Engineering
Address : Tegal Mulyorejo Baru 136,
Surabaya
Religion : Islam

SKILLS

- C and C++ Programming
- Arduino IDE Programming
- STM32 Cube Programming
- Python Programming
- Ability to work in a team

INSIDE ME

- Responsible
- Commitment
- Discipline
- Initiative
- Enthusiastic
- Have a will to learn

EDUCATIONAL BACKGROUND

2015 - 2018	SMP NEGERI 26 SURABAYA
2018 - 2021	SMA NEGERI 11 SURABAYA Matematika & IPA
2021 - Now	POLITEKNIK ELEKTRONIKA NEGERI SURABAYA D4 Computer Engineering

ORGANIZATIONAL EXPERIENCES

- Committee at the PensFest 2022
- Committee at the PKKMB 2022
- Part of KRTI TD Flight Controller
- Part of VKTR Electrical Motor Research
Grub (Electrical Division)

ACHIEVEMENT

- Participant of ELECTRA 8
(Electro Competition on ITS)
- Participant of ELECTRA 9
(Electro Competition on ITS)
- Participant of SLASHCOM
(Programming Competition on UPNV-Jakarta)
- Participant of ROBOCUP ASIA PACIFIC
(Rescue Robot Competition on Singapore)

ABOUT ME

I'm interested in joining the robot team, but I only have a few skills that are useful for robotics. Even so, that doesn't discourage me to keep trying and working hard to catch up with me in robotics. In the Robotics division, I am interested in Computer Vision, Embedded System, and Artificial Intelligence. I will try to give my best for EEPIS and also the team, in order to win some competitions in the future.
